Arrangements are being made by the Chesterfield Courthouse Alovement Association to held more meetings in Chesterfield County this week in the interests of the plan to have the courthouse removed from its present position to Chester, where it would be entire railroads and an electric line. Petitions are also being circulated, and as soon as enough signatures are secured the Chesterfield Board of Supervisors will be asked to held an election, in order that the question may be decided by the people.

The matter was discussed from all angles at a well-attended meeting of the Matoaca Business Men's League on Friday night. No definite action was taken, but it was said that the people of the town are in favor of an election.

Bespite the weather, which was anything but conducive to roof-garden enjoyment, every table in the garden was filled and quite a number of people had to be turned away. About Loom cards were issued by the management, and it seemed as if every holder desired admission last night.

Garvey's orchestra, which played last senson in the Lyric Theatre, has been engaged for the roof garden season, and furnished uncommonly good music for the opening.

In the centre of the broad roof is a pavilion with glass sides that may be opened at will, which is designed for dathering. This feature of the garden, serving both as a dance hall and a refuge from the quick summer show-error, being from the quick summer show-error, being from the quick summer show entering for the opening.

Attempt at Burglary.

Report was made to the pelice yesterday by C. S. Bishop, of 307 East Seventh Street, that a burglar attempted to break into his place about 11:26 e'clock on Friday night. Mr. Bishop fired at the man, who, he says, was a negre, but owing to his cramped position under the perch in his back yard, the bullet went wild. The negro was suspended by Mr. Bishop on account of his having annoyed his wife in the afternoon, and he was in readiness for him when he returned.

WHO FOUGHT FOR UNION

"The soldiers of the North and the soldiers of the South," said he, "were American freemen all flighting like heroes for what they considered right; and as such I honor them and teach my children to cherish them."

Mr. Clark referred to the "era of peace" as "out of sight in the distant juture."

"That mythical and intangible thing called the balance of power in Europe," he said, is in as precarious and danterous a position as when Louis XIV. and William of Orange contended for mastery at Steenkerke.

Senator Smoot in his address referred briefly to the Mexican situation. He said:

"War is a terrible thing and should be shunned and avoided as far as possible. But when the nation's honor is involved, when our liberty is threatened, when humanity demands it, war, in my opinion, is justifiable."

The deal involves all the brick-making machinery at the piant and over 40 acres of land, all of which is located in Powhatan District. It is understood that the plant will be operated by the new firm, it being a valuable piece of property.

The Rev. G. H. Newbury, paster of the Methodist Church, will go to Gioucester Courthouse on Monday, by invitation, to deliver an address at a public celebration of Davis's birthday. This will be made an event of considerable interest. It will be under the auspices of Page Puller Camp, Confederate Veterans, of Gioucester. Donations will be received at the celebration for the Jackson monument fund.

Williamsburg had very much the appearance of Sunday to-day, owing to the general suspension of business on account of Memorial Day. The banks and other public places observed the holiday, and quite a number of people went out of town. At Yorktown memorial services were heid at the national cemetery.

Major Robert T. Armistead, who was stricken with paralysis several weeks ago, shows no improvement. He is entirely help-less. The Rev. R. H. Stone, who has been critically Ill. is improving slowly. Both men are well advanced in years. Senator Smoot in his address referred briefly to the Mexican situation. He said:

Before You Buy A Range

119 East Broad Street.

It will pay you to consider which range offers the greatest conveniences, which ranges are constructed to be economical in fuel, which ranges heat quickly, bake evenly. For more money is wasted each year through the use of inferior ranges than is spent each year for new ranges. It will pay the home-builder to devote a little time to the selection of the range.

In the range field we believe each of these two, in their class, to be the most perfect ranges

Richmond Merit Ranges

If all the heat in an oven were thrown on one spot like a burning glass, part of the bread or cake would burn up and the balance remain uncooked. No range is so poorly constructed as to do this. But there is a vast difference in the way ranges radiate heat. Some don't throw heat evenly onto the oven and good baking is impossible. Our ranges are so built that the heat is reflected evenly onto the
